### Nov 8 *Reincarnation and Atavism*

*Presentation by David Zimmerman*

With the influence of the Aquarian Age firmly upon us, a growing number of people seek answers to the apparent injustices in life; disease; inequality; and more. Many have turned to Reincarnation and it's sister doctrine Karma for it is only here that these answers may be found. David presents us with the facts behind reincarnation, and shows us that, far from being a belief held only in the East, reincarnation also has its roots firmly planted in the West. Atavism will also be discussed as it represents an added influence through past lives which shape future incarnation. David is an esoteric astrologer and board member of the Theosophical Society in Detroit.
