Oct 6 *What Plants Talk About - A Wake-Up Call to Eco Spirituality*

Video facilitated by Mary Hawkins

This DVD, presented on PBS's *Nature* program, is hard-core science effortlessly integrated with a light-hearted look at how plants behave, revealing a world where plants are as busy, responsive, and complex as we are. Mary Hawkins facilitates, combining this knowledge with the profound wisdom contained in the classic book, *The Secret Life of Plants*. At her conclusion, you may want to rush out and hug a tree or, in the least, express your appreciation for the "super-intelligent" web of life! Our audience's first-hand experiences with all forms of plants will certainly be encouraged. Mary is a current TSD Board Member and Treasurer. She is also an advocate for Natural Health and Social and Environmental Justice.

Oct 13 *Superstition and Belief*

Interactive Presentation, facilitated by Randall Olson

Black cats crossing a path, walking under ladders, breaking mirrors, crossing fingers, knocking on wood, and many other forms of superstitious behavior persist into our modern world. Celebrate Friday the 13th with an interactive presentation on the origin of superstitions, their psychological justifications, and how our beliefs about the world bend our expectations and thus subjective reality. Randall Olson graduated from Central Michigan University in 2015 with a Bachelor of Science, double majoring in Philosophy and Religion.

Oct 20 *Creative Evolution*

Video with Professor Amrit Goswami facilitated by Mary Jo Kokochak

Dr. Goswami is a theoretical quantum physicist and a pioneer of the new paradigm of science called "science within consciousness". He takes us beyond Darwinism to a whole new way of thinking about evolution and God, mind and matter; and, discusses how to engage in both outer and inner creativity. Mary Jo is current President of the Theosophical Society in Detroit.

Oct 27 *The Key to Theosophy: Making the Divine Conscious, Awake, and Workable*

Lecture by Robert Thibodeau

The Key to Theosophy and *The Voice of the Silence* were H. P. Blavatsky's final books. They were intended by her as a last attempt for the spiritual transmission of virtue, mind training, and wisdom empowerment - enabling the "immortal part to become consciously divine by the assimilation of Higher Manas". Robert is owner of the Mayflower Bookshop and a noted astrologer.
